Sometimes enjoying the ride comes down to who’s behind you

If you’ve heard it once, you’ve heard it a thousand times, you get what you pay for. Travelers offers competitive prices. But when it comes to the “get” part, we give you more than just coverage. We give you broad protection you can count on no matter where the road takes you.

Value:

Service and savings merge

They say real value is hard to find these days. We say look no further. We offer you products and prices that can be configured to meet your needs. So you’re purchasing the coverage you need from a company that will be there when you need it.

• Great discounts and pricing features
• Deductibles and discounts for every budget. Don’t we all appreciate a little flexibility?
• Savings when you insure more than one car
• Up to a 10 percent discount when you combine auto and home. Up to 15 percent if you add a boat. Saving you anywhere from mega moolah to mega, mega moolah
• One-stop shopping for a wide spectrum of products that include not only auto, but also home, boat, Identity Fraud Protection, umbrella, rental property and even wedding

Smart:

Fuel for thought

You make many considered choices. Your auto insurance should be one of them. When you talk to your agent, don’t just talk dollars, also talk sense. Make sure you get solid coverage from a company that’s been around the block a few times. Or, in our case, thousands of times.

• Claim centers staffed by trained professionals. You call us. We answer questions. You hang up happy
• Claim professionals are trained at Claim University, our state-of-the-art training facility. Hey, the more we know about claims, the less you need to
• Smart pricing. We’ll help find the insurance plan that meets your protection and budget needs

While an accident and vehicle repairs are not always easy to deal with, my experience with Travelers was excellent. They responded very quickly to my call and kept me informed every step of the way.
